INFORMATION DISCLOSURE STATEMENT

Sir:

Applicant submits, herewith, patents, publications and/or other information of which Applicant is aware, as listed on the accompanying Form 1449, which Applicant believes may be material to the examination of this application and with respect to which there may be a duty to disclose.

The filing of this information disclosure statement and accompanying Form 1449 shall not be construed as a representation that a search has been made (37 CFR 1.97(g)), an admission that the information cited is, or is considered to be, material to patentability, or that no other material information exists.

The filing of this information disclosure statement and accompanying Form 1449 shall not be construed as an admission against interest in any manner. (Notice of January 9, 1992, 1135 O.G. 13-25, at 25.)

Applicants: Linda B. Vanderwold and Donald L. Hallberg

Copies of the references listed in the accompanying Form 1449 are included herewith.

As this Information Disclosure Statement is submitted within 3 months after the filing date of this application, Applicant believes that no fee pursuant to 37 CFR §§1.17(p) and 1.97 is required. However, this conditional request is being made to provide for the possibility that Applicant has inadvertently overlooked the need to submit such fee herewith. If such is the case, applicant requests that the PTO inform the undersigned that such payment is due, and that applicant be given a reasonable time to submit such fee, without prejudice to applicant's rights.

Respectfully Submitted,

By
